

Reduce...

- Air and water pollution by recycling
- Energy usage by recycling
- The amount of packaging by buying products in bulk and concentrate
- The amount of disposable take out containers by bringing your own
- Junk mail by going to www.stopjunkmail.org
- The amount of hazardous materials in your home by using less toxic products

Reuse...

- Durable products like refillable pens, pencils, and razors
- Rechargeable batteries instead of disposable ones
- Reusable cloth handkerchiefs and napkins instead of paper
- Cloth diapers instead of disposable ones
- Appliances by repairing them
- Refillable mugs and bottles instead of buying water bottles
- A sponge or cloth instead of paper towels
- Reusable shopping bags instead of paper or plastic

Recycle...

- Plastic bags at Lucky or Safeway
- Grass clippings by leaving them on your lawn as a natural fertilizer
- Food scraps and yard waste by composting
- Electronics (working or not): TVs, computers, etc. for free at Goodwill Stores
- Household Hazardous Waste properly by making an appointment (information on back)
- All paper products at the curbside: junk mail, magazines, envelopes, file folders, etc.
- Metal at the curbside: aluminum, tin, and steel cans, foil, empty aerosol cans
- Plastic at the curbside: bottles and food tubs #'s 1, 2, 4, 5 and 7
- Glass at the curbside: bottles and jars
- Motor oil and filters at the curbside for single family home residents
- Household batteries at the curbside for single family home residents, or at the library for apartment and condominium residents

Buy Recycled Products...

- Made from the greatest percentage of post consumer content
- Learn where to buy recycled products, see our Reduce, Reuse, Recycle Guide

The Recycling & Waste Prevention Program is a division of the City of Millbrae Public Works Department.

Waste prevention, recycling, composting, and household hazardous waste information, programs and workshops are offered to the community.

Free services are also available to businesses to assist in reducing, reusing, recycling, and buying recycled.
