## MILLBRAE GREEN BUSINESS INITIATIVE

The City of Millbrae's Green Business Initiative, offers local businesses the chance to showcase their commitment to sustainability and earn valuable recognition! The Green Business Network connects businesses with valuable resources, support, and incentives for going green. Benefits include financial incentives, free technical assistance, educational materials, and public recognition upon certification. Our goal is for Millbrae businesses to become certified by Earth Day (April 22nd, 2025). The first 10 businesses to achieve certification will receive a special "Millbrae Green Excellence" sticker and be featured on our website, social media, newsletter,

and during the Earth Day City Council meeting. All businesses that simply create a Green Business profile will also be recognized. City staff will provide ongoing technical assistance throughout the certification process.

**Learn more or get certified by visiting: <https://bit.ly/gogreenmillbrae>**

### LEASH LAW IN MILLBRAE

There's a leash law in the City of Millbrae! When out in public, your dog needs to be leashed and under your control. The City currently has one dog park at the Gateway at Millbrae Station on the westside of Rollins road North of Millbrae Avenue, available for public use during daylight hours. We welcome dogs to utilize all our parks, but pursuant to law, they must remain on a leash continuously held by a person capable of controlling the dog.

Please use our free dog bags throughout our parks to pick up your dog's feces and help keep our parks clean for everyone! You can request more dog bags or a new location for dog bags through our [Millbrae Works App](#).

International Women's Day is celebrated globally each year on March 8th, providing an opportunity to reflect on the progress made by women, recognize their achievements, and celebrate their ongoing contributions to society. The City of Millbrae honors the legacies of women who have shaped history and continue to fight for equal representation across all intersections of society, challenging systemic barriers and creating spaces for their voices to be heard and valued in communities everywhere. This past week, we honored many of the Women on our City staff, and Commission and Committees paying tribute to their dedication and impact on our community.

Help Shape the Future of Walking, Biking, and Rolling in San Mateo County!

The San Mateo County Transportation Authority (TA) is working to make it safer and easier for people to walk, bike, and roll near and across US 101 through the US 101 San Mateo County Crossing Improvement Plan (Active 101)—part of the larger 101 Corridor Connect program. Last fall, we heard from community members about their active transportation needs and concerns. Now, we're using that input to shape a proposed countywide mobility corridor and identify key crossings—but we need your feedback!

Does the plan reflect your priorities? Let us know! Visit [Active 101 Website](#) to learn more, share your thoughts, and enter for a chance to win a \$250 gift card!

## CALIFORNIA RESIDENTIAL MITIGATION PROGRAM

Starting February 12, 2025, and running through March 26, 2025 eligible homeowners can apply for up to \$3,000 in seismic retrofit grants at [EarthquakeBraceBolt.com](http://EarthquakeBraceBolt.com). Additionally, income-eligible homeowners may also qualify for supplemental grants. Up to \$7000 in additional grant funds are available for households with an annual income at or below \$89,040, which may provide up to 100% of the funds needed to cover a seismic retrofit.

Grants are contingent upon meeting eligibility requirements and available funds. These grants aim to fortify homes against earthquakes, especially those built before 1980 and located in high-hazard areas.

This year 303 new ZIP Codes have been added, making the total number of eligible ZIP Codes 1,118. We wanted to make you aware of this, as well as seek your help in informing your residents.

To illustrate the importance of a retrofit – view the images of two houses below – the home on the left slid off its foundation during the magnitude 6.0 Napa Earthquake, which struck the area on August 24, 2014. The home on the right did not, due to seismic retrofitting.

**Learn more and apply by visiting [Earth Quake Brace and Bolt Website.](http://EarthquakeBraceBolt.com)**

# MILLBRAE POLICE BUREAU

## SAN MATEO COUNTY SHERIFF'S OFFICE

This past Tuesday, at the City Council meeting, the City of Millbrae and Millbrae Police Bureau honored Deputy Sheriff Mike Grogan for his exceptional 44-year career in law enforcement. With unwavering dedication, integrity, and professionalism, Deputy Grogan has served and protected the public, leaving a lasting impact on the community.

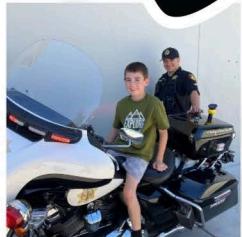

Throughout his distinguished career, Deputy Grogan upheld the highest standards of law enforcement, ensuring the safety and well-being of those he served. His leadership was particularly instrumental during Millbrae's transition to the San Mateo County Sheriff's Office, where he served as a Captain. His guidance, adaptability, and commitment to a smooth transition helped strengthen public safety in the City.

Beyond his official duties, Deputy Grogan was a mentor to fellow officers and an advocate for community engagement. His dedication to public service has made an indelible mark on Millbrae, fostering trust and collaboration between law enforcement and residents.

As Deputy Grogan embarks on his well-earned retirement, the City Council expressed its profound gratitude for his service and extended heartfelt best wishes for a future filled with health, happiness, and fulfillment. His legacy of service and leadership will continue to inspire those who follow in his footsteps.
