MILLBRAE GREEN BUSINESS INITIATIVE

Millbrae Businesses, there is still time to join the Millbrae Green Business Initiative! Join Millbrae City Hall and the Millbrae Recreation Center in minimizing your environmental impact by implementing sustainable practices. So far, two (2) businesses have gone green through this initiative, and three (3) more are in the process.

Congratulations to Green Hills Elementary School and Taylor Middle School!

We are excited to be helping Leonardo's Deli Cafe, Couture Dance & Yoga, and the Chetcuti Community Room to get certified as well.

The first 10 certified businesses will receive a limited edition "Millbrae Green Business Sticker" to display on their window. City Staff will provide technical assistance throughout the certification process. Learn more or get certified by visiting <https://bit.ly/gogreenmillbrae>

If you have any questions, please email our Environmental Programs team at environment@ci.millbrae.ca.us

WHAT IS AB 413 - CALIFORNIA'S DAYLIGHTING LAW?

Makes intersections more visible to pedestrians and motorists by making it illegal to park within 20 feet of any marked or unmarked crosswalk. The goal of AB 413 is to improve the safety of pedestrians, bicyclists and drivers by increasing the overall visibility of crosswalks. Removing the obstruction of parked vehicles in close proximity to crosswalks allows drivers to have a clear view of those waiting to cross the street. **Learn More:** <https://bit.ly/daylightinglaw>

PROPOSED COMMUNITY BENEFIT DISTRICT

On Wednesday, March 26, 2025, Millbrae community members gathered for the Community Benefits District (CBD) walking tour and discussion, meeting at the corner of Broadway and Taylor. The event offered attendees an opportunity to learn about the proposed CBD and its potential to enhance the downtown area. Participants reviewed the Management District Plan, asked questions, and engaged with City representatives and fellow property owners. The tour highlighted key benefits of the CBD, including improving cleanliness, safety, and overall vibrancy of the district. The City encourages continued community input as plans progress. For more details, visit [Proposed Community Benefit District](#) or review the [Management District Plan](#).

PENINSULA CLEAN ENERGY LOWERS 2025 ELECTRIC GENERATION RATES

Peninsula Clean Energy's Board of Directors approved lowering electric generation charges for San Mateo County and City of Los Banos customers for at least the first six months of 2025, providing additional relief in monthly bills on top of an existing discount Peninsula Clean Energy customers already receive compared to higher generation rates levied by Pacific Gas and Electric Company (PG&E).

The lowered Peninsula Clean Energy rates went into effect on February 10 following the Board's January 23 approval, and expand the rate discount to at least 10 percent compared with PG&E generation rates. The combined discount should decrease the average customer monthly electricity bill by roughly \$7 and potentially up to \$20 or more in some areas and among higher energy users.

"It is increasingly difficult for everyone in our service territory to afford essential services like electricity and we are doing what we can to help lower those costs," Peninsula Clean Energy CEO Shawn Marshall said.

Last year, Peninsula Clean Energy's Board of Directors [froze its electricity generation rates](#) for the first six months of 2024 in response to PG&E's announced 15-percent rate increase at the time.

Since its inception in 2016, Peninsula Clean Energy has offered its customers a discount of at least five percent below PG&E's baseline electric generation rate, saving its customers over \$185,000,000.

Peninsula Clean Energy appears as a separate line item on customer PG&E bills, replacing a higher charge imposed by PG&E for generating power. PG&E still charges all customers, including those receiving Peninsula Clean Energy-generated power, for delivering the electricity and for gas service.

Peninsula Clean Energy also offers a variety of customer energy programs to lower costs, incentives to replace old gas appliances, and rebates to make the switch to electric homes and transportation. For information about our energy programs and more ways to reduce your energy costs, visit PenCleanEnergy.com/lowerbill.

PENINSULA CLEAN ENERGY

About Peninsula Clean Energy

Peninsula Clean Energy is a Community Choice Aggregation agency. It is the official electricity provider for San Mateo County and for the City of Los Banos. Founded in 2016 with a mission to reduce greenhouse gas emissions, the agency serves a population of 810,000 by providing more than 3,600 gigawatt hours annually of electricity that is 50 percent renewable and 100 percent clean at lower cost than PG&E. As a community-led, not-for-profit agency, Peninsula Clean Energy makes significant investments in its communities to expand access to sustainable and affordable energy solutions. Follow us at PenCleanEnergy.com, X, Facebook and LinkedIn.

CATCH A GOOD BOOK

LIBRARY NIGHT WITH THE SAN FRANCISCO GIANTS

We have an upcoming event we think will be a home run with library lovers—Library Night with the San Francisco Giants on **Monday, April 7!**

In honor of the Giants' first-ever Library Night, we're excited to debut our new San Francisco Giants-themed library cards. And that's not all, [San Mateo County Libraries](#) will also co-host a pre-game community festival with our [Makermobile](#) and reading garden right outside Oracle Park.

Come catch a good book and hang out with other Giants enthusiasts as we get ready to celebrate Library Night at the big game as the Giants take on the Cincinnati Reds.

SF Giants Tickets to Support the Libraries

[Special tickets](#), opens a new window for the April 7 SF Giants game against the Cincinnati Reds are available to support the libraries. Five dollars from every special ticket sold will benefit the [Foundation for San Mateo County Libraries](#), opens a new window.

During the game, look for a special shoutout to San Mateo County Libraries and neighboring Bay Area libraries!

Temporary Library Closure for Solar Power Transfer on Saturday, April 5

The Millbrae Library will be temporarily closed on Saturday, April 5, due to a scheduled PG&E power shutdown for a solar power transfer. The shutdown will occur from 8:00 AM to Noon, impacting the library's usual Saturday operating hours.

While the library typically opens at 10:00 AM on Saturdays, it will remain closed until the power transfer is complete. Regular services and access will resume at Noon.

We apologize for any inconvenience and appreciate your understanding as we make this environmentally friendly upgrade. For questions or more information, please contact the Millbrae Library at (833) 937-7625 or visit their website.

JOIN US FOR A VIRTUAL COLLABORATIVE
SESSION ON THE
**CONSIDERATION OF A LOCAL
DENSITY BONUS ORDINANCE**

Wednesday
April 16, 2025,
on Zoom
10:00 a.m. – 11:00 a.m.

A City of Millbrae is considering a local density bonus ordinance to encourage development in the City. The ordinance would allow developers to receive a density bonus in exchange for providing affordable housing units. The ordinance is currently in the public comment phase. The City will hold a virtual collaborative session on Wednesday, April 16, 2025, from 10:00 a.m. to 11:00 a.m. on Zoom. The session will provide an opportunity for the public to provide input on the ordinance. The City will also be holding a public hearing on the ordinance on Thursday, April 17, 2025, at 7:00 p.m. at the Millbrae Recreation Center. The City will be holding a public hearing on the ordinance on Thursday, April 17, 2025, at 7:00 p.m. at the Millbrae Recreation Center. The City will be holding a public hearing on the ordinance on Thursday, April 17, 2025, at 7:00 p.m. at the Millbrae Recreation Center.
